Do Not Call Registry

Connecticut's Do Not Call Law was one of the first in the country, and was enacted in 2001 as a means of limiting unwanted telephone solicitations to Connecticut residents. Due to its success and similar success in other states, the federal government began a National Do Not Call registry in 2003. This registry is available to all consumers in all 50 states.

To avoid duplication of resources, in 2003, Connecticut's Registry and all of its registered phone numbers were shared with the National Do Not Call Registry, providing a nationwide line of protection against solicitation for our participants.

Please sign onto the National Do Not Call Registry if you wish to prevent unwanted calls. This is the only place you need to register to protect your number from unwanted telephone and fax solicitation in Connecticut.

To register, call toll-free: 1-888-382-1222, or visit www.donotcall.gov

Complaints

You may report Do Not Call violations to the Connecticut Department of Consumer Protection. This office accepts complaints on unwanted solicitations from both in-state and out-of-state companies. Please download Connecticut's complaint form by visiting www.ct.gov/dcp.

You may also file a complaint with the National Do Not Call Registry. You may do so by visiting www.donotcall.gov.
